REMOTE CONTROL INSTALLATION

NOTE: When installing the remote control, be sure your fan is operated in "HIGH SPEED" and light is in "ON" condition at the switch knob.

Installation and operating instructions

Note: This unit has 16 different code combinations. To set the code, perform these steps:

1. Setting the code on the remote:
 - a. Remove the battery cover. Press firmly below the arrow and slide battery cover off.
 - b. Slide the code switches to your choice of up or down position (factory setting is all up). Do not use this position. Use a small screwdriver or a ballpoint pen to slide firmly up or down (Fig. A).
 - c. Replace the battery cover on the transmitter.
2. Setting the code on the receiver:
 - a. Slide the code switches to the same positions as set on your transmitter (Fig. B).

NOTE: The remote and receiver depicted in images may look different than your actual product.

If you will be installing the receiver in your fan, please proceed to page 2:

For help contact Replacement Remotes customer support at 1-877-671-7173 or email support@replacementremotes.com.

So you'll know when it works properly. In the event that you are unable to schedule the remote control, please contact Spectrum Customer Service immediately and one of the representatives will assist you with all your queries and assist you through the programming process of your remote control. Once it turns off, press Á - ÁReverse. Á If the device turns on, you have successfully programmed your remote control. For example, if you want to pair it with a TV, press "TV." Wait for the "on/off" button to light up and hold that button and the button for the device at the same time. Repeat the procedure if you want to connect more devices to the remote control. Your best option is to find the manual that comes with your remote control and search for the remote control configuration codes. These handy accessories are easy to set up and are compatible with a wide range of devices. What is a universal remote control? A universal remote control can control a variety of different electrical devices, including TVs, DVD players, Blu-ray, DVRs and Stereo players. Stereo.
